

Daily Online Lessons

Your class teacher will be delivering a live lesson via Zoom each day to help you to keep up with your learning.

A Zoom link will be sent to you by text for you to access the lesson. Do not share the link with anyone else.

The following guidelines need to be followed

All lessons will be recorded and a copy will be saved in school for monitoring purposes.

Zoom accounts must be set up by an adult in the house.

Your child's name should be present so that the teacher knows to let them into the session.

Adults should supervise children whilst they are logged in.

Your child's camera must remain on. Anyone with a camera turned off will be removed from the session.
