

Social Distancing

To avoid the spread of coronavirus please **ensure that you maintain social distancing on the playground.**

This means remaining **at least 2 metres away** from people that you do not live with.

Please take extra care around gates, entrances and exits.

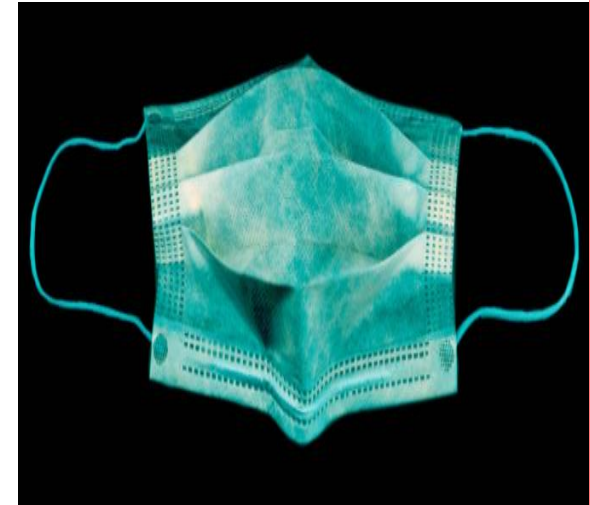

Face masks

We ask parents collecting children to give serious consideration to wearing a face mask to protect others against the spread of infection.

When wearing a face mask:

- do not touch the front of the face covering, or the part of the face covering that has been in contact with your mouth and nose
- once removed, store reusable face coverings in a plastic bag until you have an opportunity to wash them
- if the face covering is single use, dispose of it in a residual waste bin. **Do not put them in a recycling bin and do not drop them on the floor.**
- make sure you clean any surfaces the face covering has touched using normal household cleaning products.
- wash your face covering regularly
- throw away your face covering if it is damaged

COVID-19 Cases

Our school is located in a Bradford ward with high numbers of COVID-19 cases.

Please help us to reduce the transmission of coronavirus in our community by following social distancing guidelines.

It is incredibly important that we work together to ensure that school can remain open and children are given the opportunity to catch up on the lost learning time caused by lockdown.
